REVOLT IN BALKAN STATES INGREASING

Bulgarians Are Joining In surgent Band.

WERE COMPELLED BY THELATS

Insurgents Continue to Devastate the District of Koritza and Have Captur ed Important Turkish Supplies and

Provisions-Military Precautions.

Constantinople, August 13-One bun dred and fifty revolutionists were kill ed at Sorovitch Aug. 9, according to official Turkish reports. The same dispatches which have been communicated to the Russian and Austrian embassies state that the insurrectionary movement is increasing daily. Hilmi Pasha, inspector general of the sultan's Macedonian reforms, reports that the young men in all the Bulgarian villages are fleeing to the mountains to join the insurgent bands. Many among the Bulgarian peasantry wish to remain neutral, but were compelled by threats to help the revolutionary committees.

Hussein Hilmi Pasha, who has been appointed vali of Monastir, reports a similar spread of the insurrectionary movement in the vilayet of Salonica, where, he says, the committees are resolved on the same campaign of massacre, meendiarism and pillage as in the vllayet of Monastir.

Telegrams received this morning from Monastir announce that the town of Krushevo is still occupied by the insurgents. Four thousand Turkish troops with military surround the town and are preparing to attack, and, if possible, retake the position. Fighting with the rebels is in progress in the district of Dibra, where it appears that the Albanians are attacking Bu garian villages.

The insurgents continue to devastate the district of Koritza and have cap tured important Turkish supplies of provisions. More or less severe fighting is reported in the districts of Kasteria and Florina. Three hundred insurgents are assembled on the heights between Gievgveli and Yenije. Twenty-sxi Mussulmen peasants have been massacred in the village of Zivernint, near Perlope, by the insurgents. Stringent military precautions have been taken in the town of Uskub to prevent threatened dynamite outrages.

MASSACRE IS FEARED.

Intervention of Powers Can Alone Pre vent Disaster.

Sofia, Bulgaria, August 13.-The Bulgarian foreign office has received very disquieting news from its agent at Uskuh. The Mussulmans there are daily ed that a massacre of the Christians is impending.

are not prepared for so early a rising. In spite of the stirring appeals of the committees, little or no popular enthuslasm is apparent, not even among the 20,000 Macedonian residents of Sofia.

How long this condition will last depends upon the developments in Mace denia. At present the center of the disturbances is Monastir, a long way off. Should the rising spread to the vilayet fo Uskub and come near to the Bulgarian frontier, it is probable that the population of Bulgaria will tecome aroused.

LOBBY INVESTIGATION.

House Hears With Amusement Summary Bribery Charges.

Atlanta, August 13 .- In the house of representatives just before the adjournment of the afternoon session yesterday was read the report of the special joint committee appointed to in the general assembly.

senate bills ceased and every member th spaper by Clerk John T. Boifeuillet.

Special interest was manifested in that portion of the report which dealt with the testimony of Representative W. D. Mills, of Cherokee, relative to the offer of \$500 for his influence against the child labor bill, and another time what amounted to an offer of \$100 if he would change his vote for speaker. This was the only evidence as to criminal lobbying which the committee found, and owing to the fact that none of the guilty parties could be identified by Mr. Mills or others, the committee made no recommendation regarding it. Some amusement was manifested on the part of the members during the reading of this portion of the report, and there was at times considerable indulgence

WILL HARRIS MAKES ESCAPE.

Negro Convicted of Arson Gets Out of State Prison.

Charlotte, N. C., August 13.-Will Harris, a negro, the most dangerous criminal Mecklenburg county has ever known, is at large again. He has escaped from the state prison, where he was sent for a term of 30 years, and is around his old haunts in this county. He appeared near Derita last night and shot Sam Howie, a negro, inflicting a dangerous wound.

Sheriff Wallace is preparing to go in pursuit of the fugitive.

Numbers of fires in Mecklenburg have been attributed to him and in addition he has been guilty of other crimes, the shooting of Squire John P. Hunter being one of them.

At the May term of Mecklenburg superior court Harris was tried for burning Squire John Graham Alexander's barn and assaulting Jim Crockett, a negro, with a deadly weapon. He was promptly convicted and sentenced to the penitentiary to serve a sentence of 30 years.

MINERS AND OPERATORS.

Arbitration to Adjust Existing Differ ences in Alabama.

Birmingham, Ala, August 13.-To day's session of the board of arbitration which is to adjust the differences between the Alabama miners and coal operators opened with a statement by thechairman, Judge George Gray, of Delaware, regarding the scope of the arbitration. This statement was the result of an executive session of the board held late last night. Judge Gray said that the following matters would be considered as within the board's scope:

Eight hour days; 5 cents advance in miners' wages on the ton, with corresponding increase in day wages; semimonthly pay days; prices paid for dead or narrow work; differential in machine and pick mining; minimum number of days to be worked each month; readjustment of day wage scale; differential between Pratt mines and the

At the conclusion of this statement J. W. McQueen, vice president of the Sloss-Sheffleld Steel and Iron company, again took the witness stand for the operators. ANTI-JEWISH RIOTS.

Report Made By British Consul General at Odessa.

London, August 13.-A dispatch from the British consul general at Odessa ferwarding the report made by the British vice consul at Odessa, V. Bosanguet, who was sent specially to Kisheneff to obtain the facts regarding the recent anti-Jewish riots there, is published today.

Mr. Bosanquet's report, which is dat ed July 28, generally agrees with the stories of the occurrences cabled to the Associated Press. It says;

Kingston, Jamaica, August 11 .-(Delayed in transmission.)-The hurricane, the fringe only of which struck the western end of Jamaica yesterday and which it was thought had passed, instead of proceeding to the northwest, veered to the south early this morning and struck Jamaica with its full force, inflicting damage which it will take years to repair.

Cwing to the interruption of telegraphic communication, it is impossible as yet to estimate the amount of the losses, but they must reach millions of dollars.

Every banana plantation in the eastern half of the island has been devastated. The situation in the western half is unknown. Considerable injury was done to property in Kingston and the suburbs. The roof of the electric light works was blown off and the machinery was disabled. Railroad traffic was interrupted and the street cars were stopped.

Henry Duckrey, of Cambridge, Mass., 500,000 negroes will have emigrated from the south to points between this city, Boston and Providence within three years, says a special dispatch from Troy, N. Y. being destroyed by fire. An unknown negro woman was killed in the street.

In the steeple is a large beacon light, which assists in making the range for the main channel of the harbor. When the spire was struck a fire was started in it, either by the lightning or the beacon; but the flames were extinguished before much damage was done. The handsome steeple of the church is not seriously injured.

During the progress of the storm traffic in the streets was wholly suspended. Two cars were struck and "burned out."

A number of live wires resulted from breaks in the trolley wires.

In Lambell street, the novel spectacle of a tree blazing in the midst of the storm was presented.
